

# Sisters In Spirit Brunch Club

*A few times a year I invite my sisterfriends to meet me for brunch at some of the finest restaurants in the area. As I speak with each sisterfriend, I ask each of them to extend an invitation to some of their sisterfriends. My personal philosophy is "the more the merrier". This is how we broaden the circle of friends. After all, girls just want to have fun!*

*Some brunches offer "menu selection" while others are "all you can eat". The cost of the brunch varies and is the responsibility of each sisterfriend.*

*The success of the brunch depends on you. Look forward to seeing you at our next gathering!*

## Celebrating Sisterhood and Friendship

*The purpose of "Sisters in Spirit" is threefold:*

*Provide women a brunch forum in which we come together in a social environment to have fun, relax and meet new friends.*

*Utilize each others' experience/expertise for personal and professional relationship building.*

*Provide an opportunity to be supportive of each other as we experience life changes and transitions.*

*Thanks again and keep in touch*

*Sincerely, Jolene  
Sandy, Utah*

*I loved the ladies there. Beverly is such a warm, inspirational person. I hope that she gets a job somewhere where she is once again to be around many, many people so they can share her spirit. I am glad that she got to be in Salt Lake City for a while. The loss of her influence here will be great.*

*You and Beverly truly are "sisters". When you walk into a room and it just lights up. You have that same loving, warm spirit. Thank you. And thank you for organizing these brunches. I know that you are busy with many other things. If I can help you, let me know.*

# *We're Relocating to:*

*A farewell letter to my  
Sisterfriends in Utah*

# *Washington, D.C.*

*My Dear Sisters in Spirit,*

*How I love all of you. Each of you have touched my heart and life in a very special way. Our brunch today was so special and beautiful to me. With our tearful closing today, it still makes this email a hard one to send.*

*Again, Kevin and I have recently accepted an opportunity to relocate to Washington D.C. We are very excited about moving back East and being closer to family. We will be leaving Utah on September 30th, 2002. Once we get all settled in, I'll make sure to send you our updated phone numbers and addresses, but you can always reach me at my email address.*

*Thank you again Ladies for all your support, caring and giving as we have laughed and cried through the years at our brunches. I feel truly blessed to have each and every one of you in my life.*

*I trust that you will carry on without me. And although I will not be present in the physical sense, I will certainly be there in spirit. For those of you who attended today's fabulous brunch, Sally White has graciously accepted the role of the new organizer for the brunches. She will do an excellent job of making sure that all our Sisters continue to stay connected. I know that you will support Sally's efforts, as you demonstrated continued support of me during the years. Sally is already gearing up for your next brunch and will be contacting all of you soon.*

*Finally, as I reflect over the years and the great relationships/friendships that we have developed, I remind myself not to cry because it is over, but to smile because it happened. I now ask you to do the same.*

*With much love and gratitude,*

*Beverly*
