### *Meet Anita S.*

A GOLDEN STAR CONCIERGE, LLC CLIENT

Anita is one of our New Jersey clients. She is an active senior who works full-time and likes to get out and about and enjoy life. When we first met her she was looking to fill some transportation needs and to find a good, reliable cleaning service.

We began by driving her to medical and dental appointments, and providing that all-important cleaning service. Anita was thrilled! It quickly became evident that **Golden Star Concierge, LLC** was the answer to many everyday problems. Those pesky weeds in the backyard and the empty window boxes? No, problem – in one afternoon the yard was trimmed, the weeds were gone and beautiful flowers bloomed in the boxes. Transportation for a vacation, area rugs to be cleaned and spare rooms to be organized – it was all just a phone call away and handled with thoroughness and efficiency.

As Anita got to know us, she found additional things we could do to simplify her life and give her more time to do the things she likes to enjoy. We did trips to Goodwill to make donations, traded in coins at the bank, assisted on shopping trips, and hired a painter to redo the powder room. In addition, Anita receives a weekly call at a set time on Sundays to check in and review plans for the week. Anita found that she now has a professional service readily available to her as well as a new and special friend in her personal assistant!

## Meet the Owners

Sisters Sherry Radolan (top), and Candace Kroehl (bottom) are on a mission to make your life easier!

Sherry Radolan and Candace Kroehl are sisters who were inspired by the needs of their family and friends to start Golden Star Concierge, LLC. As parents and other relatives aged, they often required assistance in a variety of ways.

Transportation for errands and medical appointments were high priority. When our parents made a major move from Florida back to New Jersey to be closer to family, we all took turns making the trip down there to do the sorting and packing.

We also found that the younger members of our family at times needed our support and assistance. A move from an apartment to a first home at the same time as the arrival of a first baby was eased by our special, customized assistance.

Another young professional transitioned from a full time job to full time law student. With our assistance, the life style transition was easily accomplished with a reorganized home office and closets.

Before developing Golden Star Concierge, LLC, both Ms. Radolan and Ms. Kroehl worked full-time in professional positions. Ms. Radolan was an accounting manager, with many years of experience in business and administration. Ms. Kroehl had been a teacher of young children through adults, an administrator and staff trainer.

Throughout their careers, a primary focus was providing exceptional customer service to their clients.
